

# Completed Tasks Overview

Advanced AI Solutions for Manufacturing Excellence

# Task 1: UI Development for AlgoCreator-v4

Visual Content

## KEY POINTS

- ▶ • Designed and implemented a basic user interface for AlgoCreator version 4.
- ▶ • Focused on user experience to enhance usability and accessibility.
- ▶ • Utilized modern design principles to align with corporate branding.

# Task 2: API Integration for Enhanced Functionality

## KEY POINTS

- ▶ • Developed and integrated a new API for the login page to streamline user access.
- ▶ • Revamped the login page UI for improved aesthetics and functionality.
- ▶ • Implemented Redux for effective state management, enhancing application performance.

Visual Content

# Task 3: Dynamic PPT Preview Feature

Visual Content

## KEY POINTS

- ▶ • Created a dynamic preview feature for generated PowerPoint presentations.
- ▶ • Enabled real-time updates to enhance user interaction and satisfaction.
- ▶ • Facilitated better decision-making through immediate visual feedback.

# Task 4: Multi-Language Support Implementation

## KEY POINTS

- ▶ • Added multi-language support for AlgoCreator-v3, including English, Hindi, Japanese, Spanish, and German.
- ▶ • Enhanced accessibility for a diverse user base, promoting inclusivity.
- ▶ • Increased market reach and user engagement across different regions.

Visual Content

# Task 5: Conversation Summarizing Agent Development

Visual Content

## KEY POINTS

- ▶ • Developed a conversation summarizing agent to enhance customer service interactions.
- ▶ • Utilized LangChain and GPT-3.
- ▶ 5 turbo for efficient data processing and summarization.
- ▶ • Improved communication clarity and reduced response times for customer representatives.

# Task 6: Framework and Indexing for Document Management

## KEY POINTS

- ▶ • Implemented a framework using DocArray for efficient document indexing.
- ▶ • Facilitated quick retrieval of customer conversation documents in txt format.
- ▶ • Streamlined the process of summarizing and analyzing customer interactions.
